Meet the Teacher

Mrs. Frantz

Get Ready for a Great Year!

I am SO excited to be your teacher this year! First grade is my favorite grade to teach because of all the fun things we get to **LEARN** and do! We become word detectives learning how to read big words, authors writing exciting stories, mathematicians solving new problems, and scientists uncovering the “magic” behind science experiments. The best part about Southside is we get to spend lots of time with God - it’s pretty amazing!

A Little About Me:

Now that you’re a big first grader, I get to share a few special things about me that I only tell my students! This is my 8th year teaching 1st grade, and I have my master’s degree with a reading endorsement from Gonzaga - Go Zags! My first name is Valarie, I write my first and last name on every worksheet we do together. My favorite color is pink. Whenever you see me with a cup, it’s either filled with coffee or water with Liquid IV. I also love owls, so you might see some in our classroom. :)

I like to hide owls in some of your worksheets throughout the year. I even hid three in this letter. One is super easy, and the other two are a little bit trickier. Can you find them?

When I’m Not Teaching:

- I love reading
- Swimming
- Spending the day on the lake in our boat
- Bike riding on Centennial Trail
