Dear _____,

7/2018

Hello! I hope you are having a wonderful summer. I am sure looking forward to our upcoming 2nd Grade School Year. I have been working on getting things set up in our classroom and will be excited for you to come and see it!

I would also like to let you know that I am going back to my maiden last name of Nordquist. I know it might take a little getting used to, but we will all remember together.

As we have just about a month left of our summer, please make sure you are doing plenty of reading. We will jump right into addition problems for math so practicing over the rest of the summer will be helpful when school starts. On the first week of school, we will be writing about what you would like to learn over the school year. Over the next couple of weeks, think about what some 2nd Grade goals will be for you.

Again, I am so excited about the year ahead of us and enjoy the rest of your summer!

Ms Nordquist (formally Ms Vickerman)
